Primaphyte™ Ginkgo NG

Ginkgo is a natural extract from the leaves of the Ginkgo Biloba tree, Believed by many to be the oldest surviving tree on earth, it is probably one of the world's most widely used therapeutic herbs, being held in high regard by traditional Chinese and Japanese herbalists for millennia. It has been known to provide special benefits to the brain, having been especially linked to memory, and is used widely by Alzheimer's patients.

- *Ginkgo* material: Ginkgo plant material is collected from herbal farms where it is planted under strict quality control standards and **certified by China Traditional Medicine Bureau.**
- Extract process: **vacuum and low temperature extraction.**
- Quality control: by using **HPLC**, we check **Ginkgo flavoglycosides**, a most important active ingredient in *Ginkgo*, to verify product quality.
- International standard: **1999 National Nutrition Foods Association USA standard.**

Product Name	Primaphyte™ Ginkgo NG
Item#	PO-008-NG
INCI Name	Ginkgo Biloba Leaf Extract & Glycerin & Water
Active Ingredient Marker (A.I.M)	Ginkgo Flavoglycosides
Physical and Chemical properties	
Appearance	Dark brown slightly hazy liquid
Odor	Characteristic
Solubility	Miscible in water/Oil insoluble
PH	4.25 – 5.25
Specific gravity (water=1)	1.179 -1.199@ 20 °C /4 °C
freezing point	< 0 °C
Boiling point	105.8 _ 106.2 °C
Refractive Index	1.4350 _1.4450
Percent Non-volatile (by weight)	100%
